Dear Krutagya,

We are pleased to offer you the opportunity to join Super Me as a member of our Core Tech Team, where you will play a key role in building and scaling our product.

Your association with us will involve working closely on product development, technology architecture, and execution of key technical initiatives that drive the vision of Super Me forward.

Role & Responsibilities

You will be responsible for:

- Contributing to the development and scaling of the Super Me platform
- Collaborating with the founding team on product strategy and execution
- Building and optimizing systems, features, and user experiences
- Taking ownership of technical deliverables and innovation

Equity Compensation

As part of your contribution to building Super Me, you are being granted equity worth ₹40,00,000 (Fourty Lakhs) under the following terms:

- The equity will be vested over a period of 4 years
- Vesting will be performance-based and milestone-driven
- Equity allocation will be divided into yearly vesting portions
- Specific percentage allocation and milestones will be defined mutually and reviewed periodically

Engagement Terms

- This is a long-term strategic role within the core team
- You are expected to maintain confidentiality regarding all company information, product details, and internal processes
